## OUTDOOR GRILL

An outdoor barbecue is common to the entire apartment house, but rarely used by neighbours, which is a big mistake, because sunsets are indescribable. It is possible to buy charcoal or wood in the local Lorenzo supermarket on arrival at Poveljana. Sitting in the form of a folding table and 4x chair is available in the cellar and which you just need to move to the fireplace. At the end of the barbecue, everything must be restored.

Two ROCKRIDER mountain bikes (size L, XL) with 80mm suspension fork, 27.5'wheels with aluminum frame and 21 speeds are also included. Also included are lights, bottle holder and tire repair kit.

### Where to bike:

Due to the fact that the island of Pag is rather flat, it is possible to go almost anywhere but the sun will be almost everywhere.

You can just go for a ride in Poveljana and visit the local restaurants or go to the beach of Stara Poveljana, where there is a minimum of tourists and a pleasant sandy beach. Or to explore the area, we recommend visiting the town of Pag and visiting the local Pag cheese or wine shops or visiting the sea salt factory. Recommended biking routes (web and App) around the area including length, elevation and difficulty can be found at <http://www.zadarbikemagic.com/en/> For those more demanding it is also possible to participate in the MTB race, which takes place every autumn. <https://www.facebook.com/pedalompopagu/>
